

16 August 2006

To the team at Mountain Fresh,

This letter is to thank you very much for our beautiful new drinking fountains. I was very impressed with the service that was given to us.

The initial meeting was very informative and was helpful in finalising the correct placement of the fountains and the requirements necessary.

The delivery of the fountains was indeed earlier than expected and the organisation of the plumbing requirements and on site installation was well managed by the team.

The children are loving drinking clean, pure water from stylish water fountains. The additional benefits of being able to fill water bottles with ease is great.

Thank you once again for your prompt and professional service.

Kind regards,
Linda Stuart
Principal May Road School

Mountain Fresh also supply:

- Water Purifiers
- Filters
- Water Coolers
- Ultra-Violet Water Sterilisation

Drinking Fountains for Schools, Parks, Outdoor Areas..

Mountain Fresh
pure water for life!

Mountain Fresh
pure water for life!

About us..

Mountain Fresh is a New Zealand owned and operated company. The team at Mountain Fresh have a passion for pure water and a combined experience of over thirty years in the water treatment industry which means we have the knowledge to bring you the most suitable product.

We believe so much in water as a company our aim is to carry on growing and sourcing innovative products for you, our customers.

Our goal is to educate people about the importance of drinking water and how water is a valuable resource that needs to be looked after.

Pure water means..
Less headaches
Better productivity & concentration
Better exercise
Less cramps and sprains
Relieves fatigue

Our fountains..

Mountain Fresh drinking fountains are designed and manufactured in New Zealand. They are built robust to stand New Zealand conditions whether it be a coastal, rural or city setting and designed specifically for Kiwi's.

Most Mountain Fresh drinking fountains are fitted with a water purifying system which will remove or reduce heavy metals, chemicals, giardia & cryptosporidium making the water safe and enjoyable to drink.

Our drinking fountains can be custom built to your specific requirements in height, colour, number of bubblers, bottle fillers and maintenance taps. This means they can be designed to suit your environment. Also making them more practical and easy to use for various age groups.

Optional Vandal Resistant shrouds can be installed on the Fountains to protect the hardware if required.

Pictured Left; Low Cost Model

Most Mountain Fresh Drinking Fountains are fitted with a water purifier as standard..

This will make the water safe and enjoyable to drink and remove or reduce chlorine, heavy metals, chemicals, giardia, cryptosporidium, herbicides, pesticides, asbestos and much more..

All Mountain Fresh Drinking Fountains are designed and made in New Zealand..

We offer the widest range of Drinking Fountains in New Zealand and can custom design a fountain to suit your needs. Whether it be shape, size or colour!
